# A Message

## FROM THE PRESIDENT

---

My fellow ASPE NYC Members,

Happy New Year! Thank you to everyone that joined us at our Annual Holiday Party on December 3<sup>rd</sup> and thank you to the various manufacturers and their representatives that donated raffle prizes for our members. The awards were a great pillar in making the celebration a success, along with each of you that brought a celebratory cheer to the holidays! Some photos of the event and the over 200 attendees can be found later in this newsletter as well as on [aspenyc.org](http://aspenyc.org).

Continuing our momentum into 2026, even more exciting events are coming our way. This year, ASPE's ASSE 6060 MedGas Workshop will be held in our own backyard! From March 23<sup>rd</sup> to 26<sup>th</sup>, registrants will have 32 hours of instruction with team-based, hands-on activities at the Viega Experience Center in Long Island City. For more information, please visit <https://aspe.org/medgas-workshop/> or contact [medgas@aspe.org](mailto:medgas@aspe.org).

As our chapter continues to host appealing events and AI becomes more advanced, it's important to stay vigilant of phishing scams and remember the contact information for our board. **Board members will only reach out to you via the emails/phones listed on the cover sheet**, and official chapter communications will only come from [ny.aspe@gmail.com](mailto:ny.aspe@gmail.com), [nycaspenewsletter@gmail.com](mailto:nycaspenewsletter@gmail.com), or [postmaster@mg.aspenyc.org](mailto:postmaster@mg.aspenyc.org). We are thankful to have such an engaged chapter, and we appreciate your diligence to keep it safe!

We look forward to seeing you all our next Chapter Meeting on January 7th! Same great time, same great place.

Yours in ASPE,  
Sean Mooney, CPD

# MedGas Workshop

American Society of Plumbing Engineers

**March 23–26, 2026**

Hosted by Viega  
New York City (Queens)

ASPE's MedGas Workshop fulfills the training requirements for the ASSE 6060: Medical Gas Systems Designer professional certification. By attending, you will enjoy all of the benefits of our 32-hour in-person experience, which include:

- Personal interaction with our expert instructor, Mark Allen
- Team-based, hands-on activities
- Practical design exercises with calculation examples
- ASSE 6060 practice exam
- Copy of NFPA 99-2024: Health Care Facilities Code
- Quizzes to test knowledge retention
- Calculator and supplies for hands-on exercises
- Lunch, drinks, and snacks each day
- 1.2 ASPE CEUs

Third-party testing will be available through Sherman Engineering after the workshop on March 27. If you would like to sit for the exam, please contact Nikita Patel, PE, ASSE 6060, at [npatel@shermanengineering.com](mailto:npatel@shermanengineering.com) or 570-899-9090.

*"The knowledge provided was phenomenal, and I would argue you would be hard pressed to find a better seminar on medical gas."*

The Statue of Liberty is depicted in a grayscale, slightly desaturated style. She is holding a large, black industrial pipe in her right hand. The pipe has white text on it: "USA CH" and "PIPE". The background is a faded, high-angle view of the New York City skyline, with various skyscrapers visible. The overall aesthetic is gritty and industrial.

# NEW YORK CAST IRON CITY

## Temperature Control AND High Temperature Safeguard! "... And the two shall be as ONE."

A safe, reliable hot water system is a marriage between mechanical components and a control system with built-in safeguard protection. The ETV-Plus includes everything you need:

- 3-Way Stainless Steel Electronic Tempering Valve and Actuator that meets the California lead-free standards.
- Temperature Monitoring Control- High Temperature Safeguard with Solenoid Valve
- Remote Communication capability via Internet or BACnet

### Safety that Endures

When the mixing valve sensor detects an overly high supply water temperature, the ETV-Plus signals the solenoid valve located in the hot water supply line to close, shutting off hot water supply to the system. It also triggers an alarm to notify personal and enacts a manual reset requirement so that the valve will not re-open until the problem is resolved.

With remote communications capability (via the Internet or BACnet) these alarms and other control points can be seen and accessed via the internet or an energy Management System.

These interactive components build a foundation for long-term safety.

# Upgrade your system from dry to preaction...

The Valve & System Configurator makes it a breeze to build out your system riser. Check it out by scanning the QR code, or visiting [valveconfig.vikingcorp.com](http://valveconfig.vikingcorp.com).

Data centers never stop evolving and your fire protection shouldn't either. Viking's new cULus Listed Data Center Upgradeable System delivers a smarter, simpler path forward. Install today as a dry pipe system, then upgrade to preaction when the need arises without costly rework or wasted investment.

By lowering upfront costs and simplifying future transitions, this system gives contractors and building owners the confidence that their protection will keep pace with the demands of modern infrastructure.

Learn more on our website at [vikinggroupinc.com](http://vikinggroupinc.com).

01

#### Growing Healthcare Industry

The healthcare industry is growing rapidly and designing a facility that meets code requirements and owner preferences will be made easier after completion of this course.

02

#### Code Requirements

The ASSE 6060 is now one of the approved credentials for medical gas designers responsible for sizing systems, their selection, layout, and more.

03

#### Engaging the Facility AHJ

This course helps you navigate conversations with the facility AHJ to make informed design decisions..

04

#### Professional Growth

With this credential, you can seamlessly transition into medical gas design with minimal support from supervisors.

05

#### Credential

This exam will be proctored by MGTC.

### WHY MPAV/PALL FILTRATION SYSTEMS?

#### Simple, Compact, Durable Low-Cost Design

The MPAV/Pall filter housing design is extremely compact with no internal moving parts and nothing to fail other than replacing the cover gasket seal every few years.

#### Adjustable Filter Rating

The Pall filter rating can be easily adjusted (either finer or coarser) by installing elements with a different micron removal rating after each routine disposable filter element change-out.

#### Predictable Filtration Performance

MPAV/Pall filter cartridges have a known single-pass micron particle size removal rating that does not change while in service because they use a depth style filter media that is effective at capturing particles in a single-pass no matter their shape, unlike mesh strainer filter designs.

#### Minimizes Bacteria Growth

When Pall elements are changed every few months the housing can be easily flushed out, cleaned, and disinfected to eliminate any sludge deposits where bacteria can grow.

#### APPLICATIONS.

- New construction or retrofit applications
- Incoming city water and domestic hot water systems
- High flow and low flow applications
- Filters sized to limit clean pressure drop to <2 psid

# On-Demand Pollution Solutions

On-Demand Products for Automatically Diverting Wash Water to Sewer and Rainwater to the Storm Drain.

## WDS-WDTS4x4CW

Trash can washout is no longer a polluting problem. Simply place the inverted trash can on the cast iron grate, turn on the water and like a flash, the trash can is clean.

The wash area is also clean because the pit-mounted diversion valve automatically opens with water use, diverting contaminated trash can wash water to the sewer. Stormwater goes to the storm drain when the diversion valve is closed.

## WDS-BDPSWTS

Engineered for outdoor showers that require separation between wash water and rainwater. The Beach, Deck and Pool Shower System offers a seamless solution, where wash water is efficiently diverted to the sewer system, ensuring that soaps, shampoos, suntan lotion, and other contaminants are properly processed.

Simultaneously, it diverts rainwater to the storm drain, preventing any cross-contamination.

**Against Defects in Materials or Workmanship**

## Automatically send washwater to sewer and clean water to storm drain

## Modflex™ Adjust-a-bowl

Convert wall mount toilets to floor mount toilets with ease.

The KOHLER® Modflex™ Adjust-a-Bowl™ is a revolutionary retrofit solution for replacing wall-mount toilets with floor-mount toilets. The Modflex features an innovative adjustable-height connector that attaches to the existing wall carrier and outlet. It is designed to cover the current wall bowl footprint and requires no refinishing of wall or floor. This retrofit solution saves thousands of dollars in labor and material costs compared to a gut renovation and minimizes lost revenue due to an out-of-service room.

- Supports static load of 2,500 lbs
- Elongated bowl offers added room and comfort
- Siphon jet
- 1.28 or 1.6 gpf (4.8 or 6.0 lpf) depending on flushometer specified
- 10-1/2" x 7-1/2" (267 x 190 mm) water surface
- Minimal design detail and partially concealed skirt for ease of cleaning
- Easy-to-clean low-profile bolt caps
- Antimicrobial finish inhibits the growth of mold-, mildew-, stain-, and odor-causing bacteria on the fixture surface. This product does not protect users against bacteria, viruses, or other disease organisms. Always clean and wash this product thoroughly before and after each use
- Pair with KOHLER® flushometers and seats for a complete solution

### NEW YORK & NEW JERSEY LINE CARD

#### FIXTURES

 **Duravit**  
High end fixtures, bathroom furniture & accessories.

 **Elkay, Halsey Taylor**  
Stainless steel, fireclay & quartz sinks, electric water coolers, bottle filling stations and faucets.

 **In-Sink-Erator**  
Food waste disposals, instant hots.

 **Just Mfg**  
Full line of commercial drop-in, undermount, and institutional stainless-steel sinks and accessories.

 **Mr. Steam**  
Steam bath generators, wireless controls, linear steam heads, towel warmers.

 **Niagara**  
Ultra-high efficiency toilets with hydraulic technology.

 **Fiat**  
Terrazzo & molded stone bases, mop receptors, laundry tubs, faucets.

 **Bemis**  
Toilet seats and bidet seats.

 **Bootz**  
Porcelain enameled bathtubs and shower bases & bath/shower walls.

 **Fluidmaster**  
Fill valves, connectors, tank levers and flappers.

 **Pfister**  
Premier bathroom and kitchen faucets, shower heads, and accessories.

 **Stingray**  
Emergency showers, eyewash, face wash and accessories.

 **QuickDrain**  
Shower floor solutions, linear shower drains.

 **Zurn Fixtures**  
Commercial faucets, flush valves, sensor products, commercial fixtures, & ZurnOne fixture packages, shower valves.

 **Argo Baseboard**  
Finned-Tube baseboard radiators.

 **Embassy Industries**  
Traditional baseboard radiation, hydronic kickspace heaters, low temp/ high efficiency baseboard radiation.

 **Rheem**  
Commercial and residential water heaters, heat pumps, tankless heaters and more.

 **Ruud**  
Tankless, gas, and electric water heaters, heat pumps and other HVAC systems.

 **IBC**  
Gas fired wall hung boilers and combis.

 **Raypak**  
Commercial boilers, large capacity water heaters, and storage tanks.

 **Cross Manifold**  
Motorized, self-contained boiler manifold for radiant and hydronic heat.

 **Eemax**  
Tankless water heaters for residential, commercial and industrial applications.

 **Ultra-Fin**  
Aluminum fins that attached to pex tubing under the floor joist! Easy radiation.

#### PIPE VALVES & FITTINGS

 **Tyler Pipe Co**  
Domestic cast iron soil pipe.

 **Greenfield**  
Pipe hangers and plumbing specialties.

 **IPEX**  
PVC/CPVC/ABS pipe & fittings, acid waste systems; Blazemaster pipe & fittings.

 **Mueller Industries**  
Copper press and sweat fittings and tubing, PVC, specialties.

 **Stockham**  
Quality bronze cast iron, cast steel, ball, butterfly, gate & check valves.

 **Therm-Omega-Tech**  
Circuit Solver self-adjusting thermostatic balancing valve, drain tempering valves.

#### PLUMBING

 **Anaco/Tyler**  
Couplings Domestic no hub couplings, specialty, transition couplings.

 **Dab Pumps**  
Pumps and water pressure boosters.

 **Floodmaster**  
Plumbing leak detection & automatic shut-off solutions.

 **Harris**  
Sterling solder, brazing rods, torch kits.

 **Husky Couplings**  
Heavy-duty no hub couplings.

 **H2O Degree**  
Sub-metering systems for tenant billing, and building automation.

 **Halo**  
Water filtration systems.

 **HotBox**  
Heated and non-heated enclosures for backflows and rooftop equipment.

 **Lawler**  
Smart digital control & remote monitoring thermostatic mixing valves, high-lo and pou valves.

 **Saniflo**  
Above the floor pump systems. Macerating & grinding pumps, acid neutralization, condensate removal.

 **Wade Drains**  
Drains, carriers, hydrants, interceptors.

 **Oatey/Hercules**  
Laundry & ice boxes, water hammer arrestors, pipe hangers, supports, tub protectors, AAV's, stops valves, plumbing and heating chemicals.

 **Zurn Drainage & Wilkins**  
Trench drains, cleanouts, carriers, interceptors, hydrants, floor sinks, backflow preventors, automatic control valves, pressure regulators.

#### TOOLS

 **Milwaukee**  
Heavy-duty power tools, hand tools, instruments, and accessories.

# Have you checked out ASPE Connect yet?

*It's one of ASPE's greatest member benefits!*

Our online community, ASPE Connect, is an invaluable resource to help you get expert advice and new insights on your design, career advancement, and product questions. And it's available only to ASPE members!

*It's like having a brainstorming session with the world plumbing community.*

- Paula Leatherman, CPD, FASPE

## How to Get Started

1. Visit [connect.aspe.org](http://connect.aspe.org)

2. **Sign in.** Your ASPE Connect login information is the same as your login for ASPE.org and ASPE Education. Once you are signed into one site, you are signed into all of them.

3. **Build your profile.** Help your fellow ASPE members get to know you by including a headshot, bio, education, and career history.

4. **Go to the Open Forum** and browse the discussions to add your thoughts to an ongoing conversation or start a new discussion.

*Get Connected Today!* [connect.aspe.org](http://connect.aspe.org)

# Our Tradition of Excellence Continues

YESTERDAY, TODAY—AND ALWAYS

Generations of loyal customers have relied on Holby Valve for superior products that are made to last.

**For 90 years, our high-performance tempering valve has been the gold standard in our industry.**

Now, our latest product—the HolbyMonitor—continues this tradition of trust and value.

This tech-savvy temperature tracking device delivers invaluable water temperature information so that you can act quickly and decisively when problems arise. You'll have the data in an instant, wherever you are.

Thanks to our commitment to quality, dependability and customer satisfaction, you can rely on the Holby Valve and HolbyMonitor to meet your tempered water needs.

## pH & Lift Station Systems

### Turn-Key & Ready to Use pH Systems:

Pre-engineered for quick installation and operation.

#### Durable Design:

Built with NEMA 4X enclosures and corrosion-resistant materials.

#### Compact & Efficient:

Space-saving design with reliable pH control for any operation.

#### Proven & Guaranteed:

40+ years of success with a 1-year component replacement warranty.

#### Safe & Flexible:

Custom alarms, chemical containment, and advanced control options.

### Pump Lift Station Systems:

Ready-to-ship solutions for areas without gravity drainage.

Simplex (single pump) and Duplex (dual pump) options.

Corrosion-resistant, temperature-tolerant, with automatic On/Off.

#### Custom Solutions:

Tailored for your needs.

Flow rates: 1-1,000+ GPM, tanks: 5-15,000 gallons.

Advanced controls, leak detection, and multiple pump types.
